CHECKPOINT 2

BODY IMAGE

"Body image" is the way that someone perceives their body and assumes that others perceive them. This image is often affected by family, friends, social pressure and the media.

The purpose of our exhibit is to call attention to body shaming.

Here are some questions we want to answers:

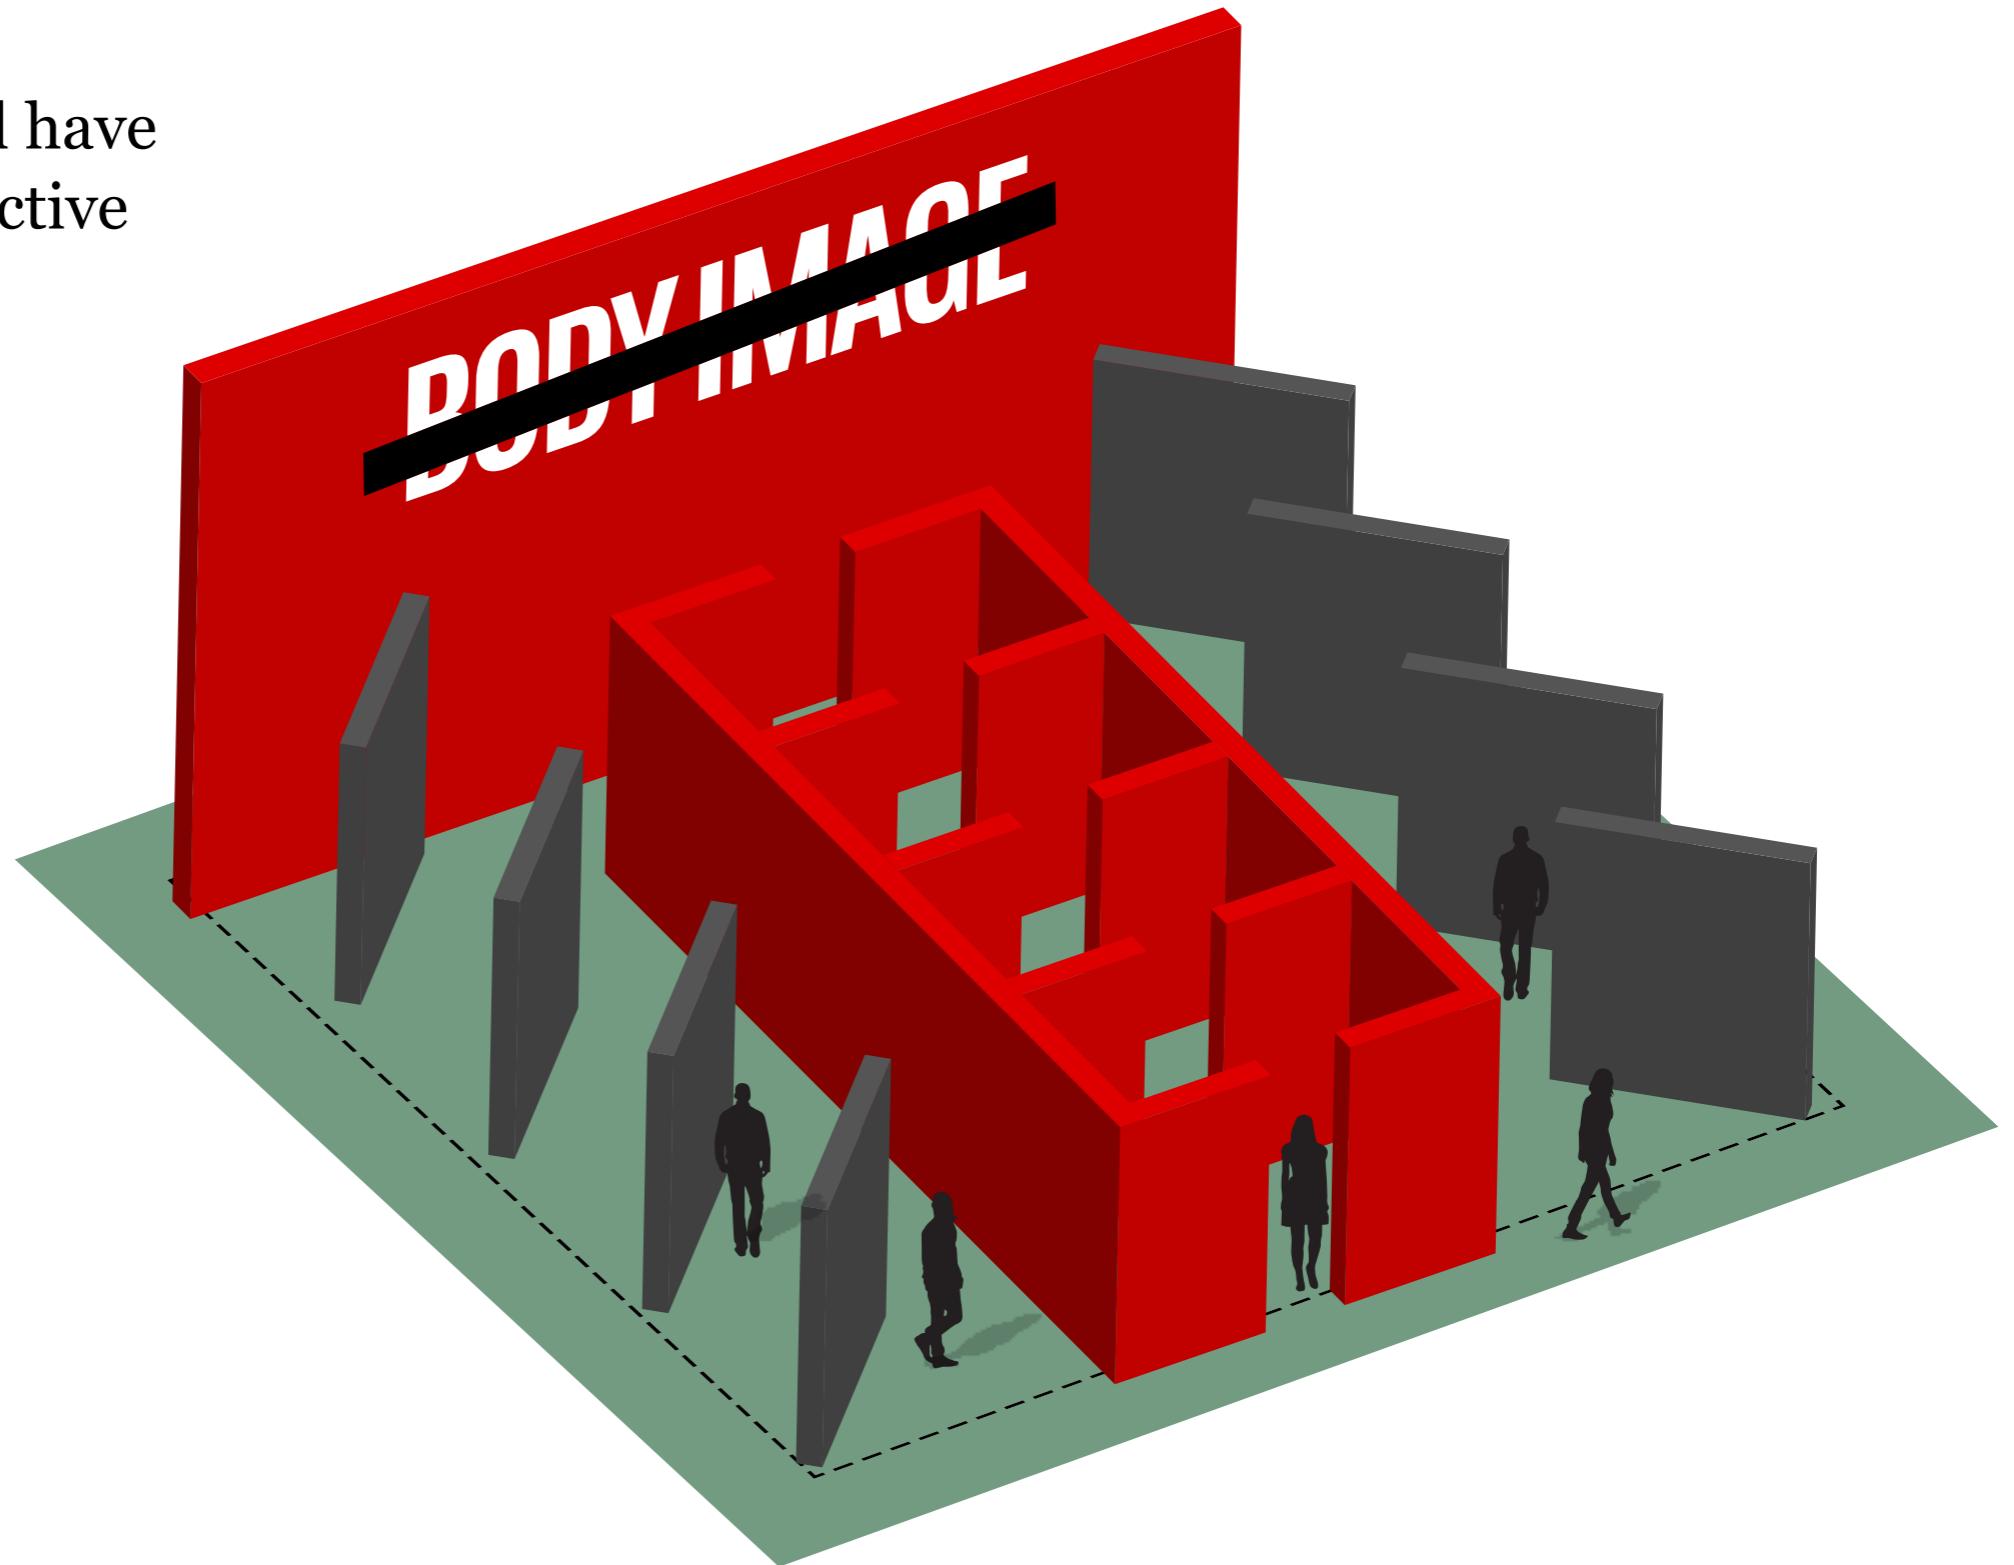

- How can we help spread awareness of body shaming?
- How can we help others empathize for those engaging in body shaming?
- How can we help others love their bodies?
- How do we stop others from inducing individuals into body shaming?

THE SPACE

The exhibit will have two core interactive sections.

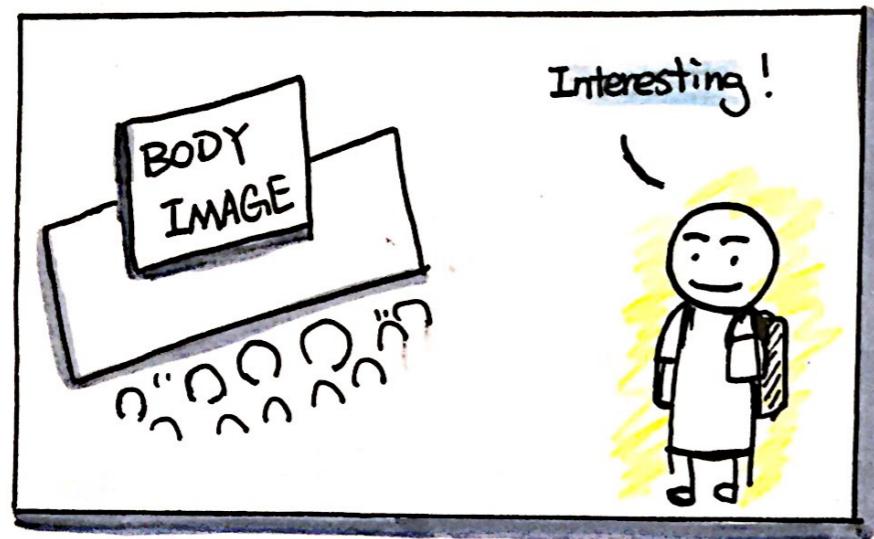

- Scenarios
- Panels
